FLEXIBLE ENGAGEMENT

Contract Staffing / C2C • Temp-to-Hire • Direct Hire • Project-Based Teams

WHY CUBIC

Vetted Technical Talent Professionals screened for relevant technical skills and project experience.	Faster Access to Talent Add specialized professionals without relying entirely on a long internal recruiting cycle.
Multiple Technology Practices Java, Data, Cloud, DevOps, IAM, .NET and other technology talent through one partner.	Flexible Workforce Add one specialist or build a larger technical team based on project demand.
Less Administrative Work Cubic handles employment, payroll, taxes, background checks, onboarding and related compliance.	Relationship Driven We focus on understanding your needs and building long-term partnerships, not simply sending resumes.

EXPERIENCE ACROSS INDUSTRIES

Healthcare • Financial Services • Insurance • SaaS • Government Projects • Retail • Technology

The Right Technical Talent. When You Need It.

Whether you need one specialized engineer or an entire technical team, Cubic can help add the skills and capacity needed to move your technology initiatives forward.
